

<b>Job title</b>	<i>Architectural Designer (Co-op Architecture)</i>
<b>Reports to</b>	<i>Project Manager</i>
<b>Level</b>	<i>Intermediate to Senior</i>
<b>Work Term</b>	<i>4 Months ~ Winter (Jan-April)</i>

### **About Us**

Stuart Howard Architects was founded in 1977 and will celebrate 40 years positively contributing to the built environment next year. SHA's identity is defined by the exceptional quality of work, innovative designs and creative problem solving.

Over the years, SHA has participated in a variety of building typologies with a strong emphasis on both single-family and multi-family residential projects, institutional facilities and the rehabilitation of buildings.

SHA works with clients in a variety of locations including Western Canada, The United States, the Caribbean and India.

### **Job Summary**

The position will collaborate with the office architects in various architectural developments.

Key responsibilities include; aiding in the design and drafting on several ongoing and upcoming projects at all phases of the project delivery, as well as the production of digital models and presentation graphics.

The successful student will report to the lead project manager for each project and the principal on a number of projects throughout the working term. The student will attend design meetings, participate in field reviews and be given the opportunity to contribute in a professional and collaborative studio work environment.
